Personal Portfolio: <https://personal-portfolio-git-master-anurag-basus-projects.vercel.app/>

PROFESSIONAL SUMMARY

Aspiring Junior Frontend Developer with a solid foundation in Computer Science Engineering and hands-on experience building scalable, dynamic, and user-centric digital platforms. Adaptive in technologies like React with a passion for frontend systems and real-time functionality. Demonstrates strong leadership, event management, and communication skills. Eager to contribute to innovative frontend solutions and grow within a tech-driven team.

SKILLS

Languages: Java , Java Script
Tools: HTML , CSS , GIT , Figma
Frame Work: React

PROJECTS

Market Me

A digital platform built using React, HTML/CSS, and MySQL to connect startups directly with marketing agencies. Features profile browsing, reviews, and direct communication channels to enable transparent and efficient collaboration.
